

Therapeutica[®] Sleeping Pillow

Print page at 100% for proper sizing, do not scale to fit page. If you are unable to print measuring guide, please use a ruler and follow the instructions below to find your correct pillow size.

1. Have someone assist in measuring you
2. Move your shirt collar, if it interferes
3. Stand with arms at your side and looking straight ahead
4. Hold the measuring guide or a ruler to the base of the neck and measure to the outside tip of the bony prominence at the shoulder. NOTE: Ignore any muscle mass beyond the bony prominence. Choose one size smaller if you measure between two sizes or sleep on a soft surface such as memory foam or pillow-top mattress.
